Christingle 3

Welcome to your Christingle Cube! All you need to create your very own cube is some scissors and glue. Carefully cut out the cube template. Fold each section at the dashed lines. Next make into a cube shape and apply some glue to the grey tabs. Stick the grey tabs to the inside of the cube!

A Christmas Prayer

Dear God,
Thank you for sending your Son to us. Thank you for loving us just as we are. Please be with us and our families this Christmas time and please keep everyone safe.
Amen

What's it all about?
Christingle services are very popular in the church, however due to the current situation of Covid 19, it's sadly not possible to hold big services, so we thought we would create an alternative Christingle this year. We hope you enjoy it!

History

- The first Christingle took place in 1747 in Germany by Bishop John de Watteville. It first came to the United Kingdom in 1968
- Fun fact - there are over 600 varieties of oranges!
- The Christingle is used to celebrate Jesus Christ as the light of the world

A verse from the Bible

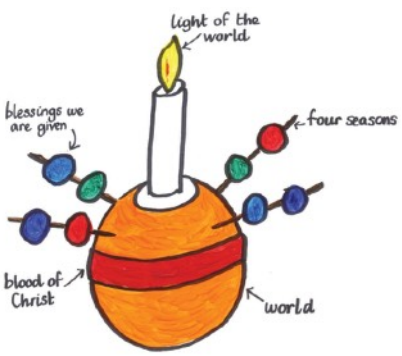
The People walking in darkness have seen a great light; on those living in the land of deep darkness a light has dawned

Isaiah 9:2

How to make...

- You need sweets, an orange, red tape or ribbon, a candle and 4 cocktail sticks, tin foil
- Carefully push a pencil into the orange to make a hole
- Wrap the bottom of the candle in foil and push into the orange
- Wrap the red tape/ribbon around the orange
- Stick 4 cocktail sticks into the orange with sweets on the ends

Parts of the Christingle



The Cross
You may have noticed that the cube template is in the shape of a cross. Christmas is a time where we remember the birth of Jesus in a stable. However, we look towards Easter where Jesus gave his life on the Cross for us and we remember how Jesus overcame death and rose again.

We also have a Christingle video, if you would like to watch, simply type in the below URL to your web browser:
